

Junior (IT) Consultant

(Full-time or Part-time position) (Hamburg / Remote) (d/f/m)

Under the umbrella of danorama consulting we unite our consulting services in the area of (IT) strategy, organisational design & development, change management, digital collaboration, analytics, compliance and sustainability. For our consulting team we are looking for a motivated Junior Consultant.

As a (Junior) Consultant you take responsibility for specific work packages in central (IT) projects on the part of our customers. You develop change management measures and implement them at the customer. You assist in analyzing critical business processes and in developing new (technical) concepts or solutions to improve those processes.

Your Main Responsibilities

- Project Management
- Change Management & Stakeholder Communication
- Process Analyses

Your Profile

- Analytical Problem-solver
- Mindset of a Lifelong-learner
- Team-player with strong collaboration and communication skills
- High degree of responsibility and independence
